SPRING & SUMMER FUN 2010

"Something For Everyone!"

Spring and summer are traditional favorites for kids growing up over the years. Part of what makes summer such an anticipated time of the year is the warmer temperatures, fun times with friends, positive experiences with summer activities and sports.. and freedom. Freedom to take a break from the studies of school, freedom to hop on a bike and go for a ride in the summer sun, freedom to have a choice in picking which leisure time activity to participate in. and freedom to just be a kid.

In our well-meaning efforts to point our children in the right directions of growing up and learning responsibility in this very hectic and competitive world, let's not forget to let our kids be kids.
